EeStairs Nederland BV balustrades manufactured from the Transparency 1-01 extruded aluminium profile 0.8 kN and 3 kN and the Transparency 1-01 steel profile 0.8 kN and 3 kN system in its application as (floor) partitions

Declaration by SKG-IKOB

This approval has been issued on the basis of BRL 4107: 15-07-2021 incl. amendment dated 05-12-2023, in accordance with the current SKG-IKOB Regulations for Attestation, Certification and Inspection.

The performances of the balustrades from the aforementioned system in its application as (floor) partitions have been assessed in relation to the Dutch Constructions and living environment decree and the principles for the assessment are periodically reassessed.

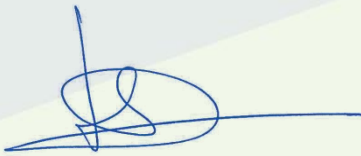

On this basis, SKG-IKOB declares that:

The with the abovementioned balustrades composite (floor)partitions deliver performances as included in this approval and the (floor)partitions meet the requirements of the Constructions and living environment decree, included in this approval, provided that:

- the technical specification(s) and conditions for use given in this approval are complied with;
- the construction of the floor partitions takes place in accordance with the instructions and/or processing methods specified in this approval;

Within the framework of this approval, no inspection takes place on the production of the balustrades, nor the composition of and/or assembly in (floor)partitions.

For SKG-IKOB

**Constructions and living
environment decree**

Product is:
Assessed once-off for
performance during use.
Reassessment at least
every 5 years

IDENTIFICATION OF THE PRODUCT

Products in accordance with this approval are identified by permanently providing them with the name and/or logo of the manufacturer, along with listing the approval number, as shown below.

The use indications for floor partitions are in compliance with values as stated in table 1 and for strength and rigidity in compliance with the design value for the strength. These use indications can be stated on the accompanying documents or on the project drawings.

The identification is carried out in the form of a white seal with black print, as follows:

LOGO approval holder	EeStairs Nederland BV approval number: SKG.1332.4757

				NEN-EN 13501-1/ European Decision 96/603/EEC	Smoke class s1 of s2	Class s1

1) This applies in as far as this approval does not specify higher performances for certain types of constructions.

RECOMMENDATIONS FOR THE CUSTOMER

Upon delivery of the products supplied under this approval or in accordance with the technical specifications described in this approval, inspect that:

- what is delivered has been agreed;
- identification in accordance with the specification in this approval has been applied on the products;
- the products have no visible damage and/or defects due to transport or otherwise;
- the legal requirements have been met in connection with the application.

Check whether this approval is still valid on: www.skgikob.nl.

If on the basis of the above statement and/or on the basis of your own findings you reject the delivery, please contact the approvalholder and if necessary SKG-IKOB.
